Attn: Jennifer Alvarado

Subject: Letter of Reasonable Accessibility

Dear Ms. Alvarado,

As Trusted Testers certified by the Office of Accessible Systems and Technology and Web Accessibility Specialists certified by the International Association of Accessibility Professionals, we would like to provide this Letter of Reasonable Accessibility regarding the <https://dod.ca.gov> website.

This determination is based on the Accessibility Plan developed and followed by the California Department of Defense (CADoD) to comply to Title II of the ADA and California's AB 434. This plan includes an audit of the website that we conducted and its remediation which we monitored to the WCAG 2.0 standard at a Level AA rating, which forms the requirements for the above compliance. This plan includes the remediation of the 1600 most relevant PDF documents forming CADoD's online presence by July 31, 2019 which we are performing to the PAC-3 standard and the same WCAG 2.0 standard at a Level AA rating. This plan remains a process with continuing staff training and remediation support in areas of online accessibility.

Detailed test procedures, violation listings, and remediation paths verified by Access2online are available upon request through CADoD. We hereby authorize CADoD to distribute copies of this Letter of Reasonable Accessibility anywhere they wish, including online.

Sincerely,

A handwritten signature in black ink that reads 'Peter Shikli'.

Peter Shikli,
CEO
